Policy of Code of Conduct

Education is a social center where the future citizens of the country are formed. Therefore, for the development of this social center to take place in the right direction, it is equally important to have coherence in all the elements associated with it. So this social center needs a code of conduct. The college is affiliated with the state University & UGC. Therefore, the code of conduct assigned by the UGC & Maharashtra Public University Act 2016 is considered here. The Code of Conduct Committee is established to spread these codes to all the constituents of the college. The purpose of this committee is to make everyone aware of their responsibilities. Awareness is created for all the constituents of the college by conducting various programs among the students, professors and administrative staff. There are boards in college premises on which codes of conduct are displayed for students. A booklet of code of conduct has been given to the professors and administrative staff members. The Principal makes teaching & non-teaching staff aware of the code of conduct. In addition, all the rules of conduct have been uploaded on the college website. All these rules have been formulated under the supervision of the principal of the college.
