Certified

### Research Policies for Ethics and Plagiarism

#### **Objectives:-**

- To encourage faculty members to apply for major/minor research projects, publish research papers, and attend conferences.
- To foster an environment that will support research and innovation activities in the institute.

#### **Role:-**

- To foster collaborative research activities;
- To guarantee the institute's research and innovation, activities are managed effectively and efficiently.
- To improve the relationship between the industry and the institute by encouraging consultancy testing, need-based research, and innovative activities.

#### **Functions: -**

- To manage and supervise the institute's research and development activities and to assure performance through appropriate project and publication monitoring.
- To submit research proposals to the organisations that provide money for R&D.
- To guarantee high-calibre publication in reputable journals.

### Research Policies for Ethics and Plagiarism

The goals of this policy are to promote scientific research through the establishment of author guidelines, patenting rules, environmental protections for human subjects, and codes of ethics for both solitary and collaborative endeavors.

The research shouldn't contain any plagiarism or other forms of misconduct. Any researcher who is proven to have plagiarized, is subject to penalties.

Patents, copyrights, and other types of intellectual property are treated with respect. Without authorization, never use unpublished data, techniques, or outcomes. Give all contributions to research due credit or acknowledgment.
