## Commerce, Management, and Entrepreneurship Committee

### ➤ ABOUT:

Balasaheb Desai College is a well-known multi-faculty institute located in the remote area of Patan Tehsil. Despite its rural setting, the college has emerged as a leading educational hub, offering high-quality education to students from surrounding areas. The Commerce, Management, and Entrepreneurship (B.Com. IT) Committee helps students learn more about business, management, and starting their own companies. It provides opportunities for students to join activities like workshops, seminars, and competitions, which improve their knowledge of the business world. The committee invites business professionals and experts to give talks and share their experiences, helping students gain practical insights and make useful connections. It also organizes events such as business idea competitions, leadership programs, and training sessions to help students develop important skills like problem-solving, teamwork, and decision-making. Overall, this committee encourages students to think creatively and prepares them for careers in business or as future entrepreneurs.
