Cultural Committee Policy

The Cultural Committee at Balasaheb Desai College aims to engage students in a variety of cultural and patriotic events to foster their overall development and appreciation of cultural heritage.

The committee encourages active student participation in the University Youth Festival, which features competitions such as dance, singing, mehndi, and rangoli. Additionally, an annual Traditional Day will be celebrated, where students are invited to wear traditional attire and participate in related activities.

During the Annual Prize Distribution Function, a cultural program showcasing student performances will be organized. On Independence Day and Republic Day, patriotic songs will be performed to instill national pride among students.

The committee will also support and organize other cultural activities throughout the academic year to enhance student involvement and cultural awareness. Committee members are responsible for planning and executing these events, while students are encouraged to actively participate and contribute.
