

## Excursion and Transport Committee

**About:** Study tours are providing students the firsthand experience about the various concepts in various subjects including science, commerce and Arts. This is a great way to teach students by giving live experiences which have a long-lasting impact on them. The study tours are arranged by teachers to engaging learning experiences and to building strong relationships with their Subject. Generally, educational tours are great ways to learning about different subjects, cultures and historical events. These tours can take place locally, nationally, or internationally, depending on the goals and interests of the group.

**Educational tours organized in college are as follows:**

1. **Science and Nature Tours:** These tours take students to museums, zoos, aquariums, or natural habitats to learn about various scientific concepts and the natural world.
2. **Historical Tours:** These tours take students to historical landmarks and sites, such as battlefields, museums, or cultural centers to learn about significant events in history and different cultures.
3. **Art and Cultural Tours:** These tours take students to art museums, galleries, or cultural centers to learn about different artistic styles and cultural traditions.
4. **Community Service Tours:** These tours take students to the locations where they could participate in community service projects, environmental conservation efforts.

### Objectives of the Educational tours:

- To inculcate significance of relation between human life and Nature in different forms.
- To organize tours, field trips and field visits of different departments
- To seek necessary permissions for Tour/Field visit etc.
- To maintain safety and security of students at the time of Tour/Trip etc.
- To communicate with parents for Parental consent and provide the details of excursion for adventure activities, residential and trips.
- To maintain the necessary records and prepare the report of Tour/Trip etc.
